2econd Class Citizen – One By One EP (Digital Version)

Departing from the highly acclaimed „Wyred Folk“ EP debut on Equinox, this new release by UK producer 2econd Class Citizen bridges the way to his forthcoming album „Madrugada“ (due out in fall 2009) and includes 5 great new tracks: 2 special EP mixes, a non-album tune and 2 exclusive instrumental versions.

Focusing on sample based instrumental music on his previous works, the „One By One“ EP now features the vocal talents of Ceschi Ramos (known of his works with west coast underground legends Myka 9, Pigeon John, Busdriver and 2Mex), Reindeer (of Fbcfabric & Reindeer) and James pHoney (of Milled Pavement). The title track is a hip hop, folk tinged masterpiece with Ceschi showcasing his inimitable style, switching effortlessly between stunningly beautiful harmonies and ridiculously good rapping. „For This We'll Find No End“ finds the two rappers/wordsmiths Reindeer & J. pHoney delivering their unique and totally original approach to the English language peerlessly over 2CC's dirty drums. Next, on „The Day You're Lost Or Found“ 2econd Class Citizen shows once again that he is on top of the game when it comes to creating instrumental Hip-Hop with deepness and power. Reminiscent of the vibe on „Wyred Folk“, this track might incorporate one of the most catchy samples ever found, built around a drumbeat and arrangement that leaves other contemporary beat makers far behind and proves that 2econd Class Citizen is in a class of its own.
