Kraddy – Android Porn – The Si Begg vs. K-The-I??? Re-Fixes

“Can I continue?” asks US-rapper **K-The-I???** over the hard hitting “**Android Porn**” vocal remix by legendary UK producer **Si Begg**, that is now released on Equinox Records from Berlin.

After a successful 12” single with remixes by **Mochipet**, **Fulgence**, **Playpad Circus** and **Geste**, and a well received animation video produced by **MuscleBeaver**, this is the last release connected to **Kraddy’s** Glitch Hop anthem “**Android Porn**”. And isn’t it true, that a rap version of this classic tune is what everybody has been waiting for?

So, the answer to **K-The-I???** definitely is “Yes, you can!“. With his incredible flow and his abstract style that moves from fast to slow, **K-The-I???** and **Si Begg** have created a dope, yet unconventional and futuristic hip hop track, that should be found in many DJ’s playlists soon.

While the 10” features the main rap version and the original **Si Begg** instrumental remix of “**Android Porn**” on the flip side, the digital release additionally contains an alternate mix of the vocal track where **Begg** added even more bass giving it a more dubby and electronic feel. Furthermore, instrumentals, dub versions and acapella are included and will definitely please the DJ’s.
