## Godblesscomputers – Freedom Is O.K.

“It sounds like wood, metal and microchip.” – that’s how Italian producer **Lorenzo Nada** a.k.a. **Godblesscomputers** describes his own music. With the follow up to his successful “**Swanism**” EP, released in early 2012, “**Freedom Is O.K.**” is his debut release on **Equinox Records** from Berlin and offers an amazing spectrum of organic electronic sounds and feelings.

The EP starts with the outstanding and soulful “**Green Flowers**” – a tune based on a vocal sample, underlined with glitches and smooth electric piano chords. “**Nowhere**”, the next track, keeps on the soulful vibe of “**Green Flowers**” with added melodies and a mellow, yet pushing, bass feel. “**Fire Extinguisher**” features the beautiful voice of Francesca Amati (the singer of the Italian band **Amycanbe**) while “**Dirty Motel**” brings back sampled soul bits. Next up, “**The Plan**” submits a nice dubby “under water” feeling and blends over to the remixes. With their powerful reworks **Error Broadcast’s B-Ju** and the legendary Italian producer **Digi G’Alessio** add more bass flavour to the release. Both deliver 808 driven club tracks that should be welcomed by the DJs.

“**Freedom Is O.K.**” in its entirety is an amazing new release that showcases **Godblesscomputers’** brilliant feel for composition and sounds. The combination of wood, metal and microchips probably has never sounded so good.
